

2021 California Code Welfare and Institutions Code - WIC DIVISION 8 - MISCELLANEOUS CHAPTER 6.5 - Housing First and Coordinating Council Section 8255.

Universal Citation: CA Welf & Inst Code § 8255 (2021)

8255.

For purposes of this chapter:

(a) “Council” means the California Interagency Council on Homelessness, formerly known as the Homeless Coordinating and Financing Council established pursuant to Section 8257.

(b) “Core components of Housing First” means all of the following:

(1) Tenant screening and selection practices that promote accepting applicants regardless of their sobriety or use of substances, completion of treatment, or participation in services.

(2) Applicants are not rejected on the basis of poor credit or financial history, poor or lack of rental history, criminal convictions unrelated to tenancy, or behaviors that indicate a lack of “housing readiness.”

(3) Acceptance of referrals directly from shelters, street outreach, drop-in centers, and other parts of crisis response systems frequented by vulnerable people experiencing homelessness.

(4) Supportive services that emphasize engagement and problem solving over therapeutic goals and service plans that are highly tenant-driven without predetermined goals.

(5) Participation in services or program compliance is not a condition of permanent housing tenancy.

(6) Tenants have a lease and all the rights and responsibilities of tenancy, as outlined in California's Civil, Health and Safety, and Government codes.

(7) The use of alcohol or drugs in and of itself, without other lease violations, is not a reason for eviction.

(8) In communities with coordinated assessment and entry systems, incentives for funding promote tenant selection plans for supportive housing that prioritize eligible tenants based on criteria other than "first-come-first-serve," including, but not limited to, the duration or chronicity of homelessness, vulnerability to early mortality, or high utilization of crisis services. Prioritization may include triage tools, developed through local data, to identify high-cost, high-need homeless residents.

(9) Case managers and service coordinators who are trained in and actively employ evidence-based practices for client engagement, including, but not limited to, motivational interviewing and client-centered counseling.

(10) Services are informed by a harm-reduction philosophy that recognizes drug and alcohol use and addiction as a part of tenants' lives, where tenants are engaged in nonjudgmental communication regarding drug and alcohol use, and where tenants are offered education regarding how to avoid risky behaviors and engage in safer practices, as well as connected to evidence-based treatment if the tenant so chooses.

(11) The project and specific apartment may include special physical features that accommodate disabilities, reduce harm, and promote health and community and independence among tenants.

(c) "Homeless" has the same definition as that term is defined in Section 91.5 of Title 24 of the Code of Federal Regulations.

(d) (1) "Housing First" means the evidence-based model that uses housing as a tool, rather than a reward, for recovery and that centers on providing or connecting homeless people to permanent housing as quickly as possible. Housing First providers offer services as needed

and requested on a voluntary basis and that do not make housing contingent on participation in services.

(2) (A) “Housing First” includes time-limited rental or services assistance, so long as the housing and service provider assists the recipient in accessing permanent housing and in securing longer term rental assistance, income assistance, or employment.

(B) For time-limited, supportive services programs serving homeless youth, programs should use a positive youth development model and be culturally competent to serve unaccompanied youth under 25 years of age. Providers should work with the youth to engage in family reunification efforts, where appropriate and when in the best interest of the youth. In the event of an eviction, programs shall make every effort, which shall be documented, to link tenants to other stable, safe, decent housing options. Exit to homelessness should be extremely rare, and only after a tenant refuses assistance with housing search, location, and move-in assistance.

(e) “State programs” means any programs a California state agency or department funds, implements, or administers for the purpose of providing housing or housing-based services to people experiencing homelessness or at risk of homelessness, with the exception of federally funded programs with requirements inconsistent with this chapter.

(Amended by Stats. 2021, Ch. 398, Sec. 3. (AB 1220) Effective January 1, 2022.)
